Why join our Trust?

www.sandmat.uk

We are delighted to welcome you to SAND Academies Trust.

The Trust is based in Gloucestershire and was formed in June 2019 to enable and develop partnership working across a group of schools. We take pride in the fact that we are and commit to remaining a regional MAT to ensure effective support throughout the Trust is possible.

There are currently six schools in the Trust: 5 special schools and 1 mainstream primary school. As a partnership of schools, we can achieve more together and therefore:

- Improve outcomes, opportunities and life chances for children and young people
- Offer more / wider support for their families

- Share and develop staff expertise through school support and outreach

OUR COMMITMENT

We take our responsibility for the education, safety and well-being of children and young people very seriously and are committed to playing our part in developing a quality educational provision across Gloucestershire, and beyond.

At the heart of all we do is a commitment to provide our schools with excellent school-to-school support, our pupils with a broad and balanced curriculum based on their needs and our staff with high-quality professional development enabling them to develop themselves and others.

OUR LEADERS

At the heart of our Trust is a group of highly skilled trustees who are carefully chosen for the expertise which they are able to contribute. Trustees are supported by a committed central team and effective business management systems which enable and ensure that the quality of education provision within our schools remains the top priority.

If you have any questions about the Trust which is not covered in this document, then please do get in touch.

Frequently Asked Questions

HOW MUCH AUTONOMY DOES THE SCHOOL GET?

The curriculum is agreed with the Director of School Improvement to ensure it meets the needs of the pupils and progress can be achieved. The appointment of staff remains the responsibility of the Headteacher alongside joint working to form the agreed budget for the school.

WHAT REVISED ROLE DOES THE GOVERNING BODY TAKE?

Each school would form a Local Advisory Board (LAB) that helps the Trust and the school fulfil its objectives. There is a detailed Scheme of Delegation that sets out the roles and responsibilities of the Local Advisory Board. Essentially, the LAB is responsible for supporting the school in achieving the best outcomes for its pupils.

WHAT SUPPORT WOULD THE SCHOOL BENEFIT FROM BY JOINING THE TRUST?

We have a directory of expertise to support our schools alongside a Director of School Improvement and School Improvement Partner. Being a Gloucestershire based multi-academy trust, we will always be within 45 minutes of all our schools enabling us to provide speedy support should it ever be needed. There are also career opportunities across all our schools and extensive CPD programmes.

HOW DOES FUNDING WORK BEING PART OF THE TRUST?

The Trust uses the method of apportioning central support costs; this covers building maintenance, health and safety compliance, HR and Finance and full IT support. The average apportionment for each school is around 7.5% top-sliced from the General Annual Grant. This compares favourably with other trusts and the Local Authority model of between 8% – 12%. The annual budget for the school is agreed with the Headteacher / LAB and the Trust.

HOW COULD PUPILS BENEFIT FROM BEING PART OF THE TRUST?

We put pupils at the heart of all we do offering an aspirational approach to their learning and development. With special and mainstream schools in our Trust we believe we can offer a symbiotic relationship between schools to ensure all pupils receive the learning and support they need.

HOW DO THE TRUST'S VALUES AND ETHOS ALIGN WITH THE SCHOOLS?

We make sure that the schools are properly supported and funded within the boundaries of Government funding. We ensure that our Trust is well governed by our Trustees and is a safe place to learn and a secure place to work. This leaves the Headteacher and their teams to focus on education of their pupils and development of their staff.

WHAT ARE THE TRUST'S GROWTH PLANS FOR THE NEXT FIVE YEARS?

We want to grow our Trust prudently with the right schools and partners. The Trust does not wish to grow exponentially, but rather focus on schools in our geographic region that would benefit from support from our existing schools and we can learn from them also.

HOW WILL THE SCHOOL RETAIN ITS IDENTITY AND COMMUNITY LINKS?

We actively encourage each school to retain and nurture its links with the community it serves. We do not seek to change the school's well forged links and identity. The approach is that the Trust will support and enhance its connections with the school.

WHAT ARE THE NEXT STEPS IF YOU WISH TO EXPLORE JOINING THE TRUST?

We would encourage you to discuss this document in detail with your governors. You can meet any of our Trustees at any time and, if you wish to proceed, we would agree a Letter of Understanding which is a non-legally binding letter to actively pursue your school joining the Trust. This would include due diligence on both parties.
